MONDAY, APRIL 7, 1890.

An Astonishing Threat.

With a great deal of very silly talk about some imaginary wrong to General [illegible] [illegible] a gallant soldier from [illegible] Maine to succeed [illegible] a member of the Board of Managers of the National Soldiers' Homes, after he shall have served out his full term of six years, the Bath Times [illegible] to the [illegible] [illegible] the [illegible] [illegible] by the House Committee on Military Affairs "will be fought in the Senate," and that "Senators Hale and Frye are not [illegible] "and we may depend upon them to [illegible] "the very [illegible]."

The great wrong which we are [illegible] [illegible] that one or two Senators from [illegible] of Maine are to be so [illegible] as to prevent, if the bestowal of a purely honorary position intimately connected with the interests of the soldiers of Maine, upon one of their most distinguished comrades, Colonel Augustus B. Farnham, than whom no one in the State enjoys a larger degree of the confidence and regard of the veterans of the war. A soldier of splendid bravery, wounded nigh unto death by the rebel bullet that he will carry to his grave, he has for years maintained those close relations of comradeship and sympathy with the soldiers of the State that peculiarly qualify him to care for the welfare of those who seek the shelter of the national homes. His repeated elections as Commander of his home Post and his admirable service as Commander of the Grand Army, Department of Maine, afford sufficient evidence of his representative character, but it can also be said that probably no such extensive and hearty endorsements by the representative soldiers of Maine were ever sent to Washington in favor of any appointment, as those received by Mr. Boutelle in approval of his nomination of Colonel Farnham for member of the Board of Managers.

It is said to be that this action involved no indignity or discourtesy to General Hyde, who himself succeeded General Roberts, of Bangor, when the latter had served only four instead of six years; and we do not believe that General Hyde countenances or approves such unwarranted expressions as those of the Times. We are quite sure he would deprecate any such reflections upon those members of the House delegation who favored passing the compliment along to Col. Farnham, as he knows that none were more zealous than they in promoting his success in the much more important matter of obtaining the contracts for the two naval vessels to be built at the Bath Iron Works. We are also inclined to think that General Hyde feels disposed to devote himself much more assiduously to carrying out the important and presumably far-reaching enterprise he has undertaken, than would be inferred from such foolish talk as that of the Times.

In closing, we say from knowledge that Col. Farnham was absolutely ignorant of Mr. Boutelle's intention to present his name for the place, and we know he would make no effort for it. His unanimous selection by the House Military Committee is a fine [illegible] in itself, and was in accord with the [illegible] of three [illegible] of four of the [illegible] Representatives, including the Speaker of the House and the only two members of the Grand Army of the Republic in Maine's representation in Congress, who would be quite as likely as any [illegible] to understand the feelings of the soldiers of the [illegible].

"Slavish Ideas."

It is extremely funny to see the Commercial, [illegible] [illegible] [illegible] [illegible] [illegible] for the Supreme [illegible] [illegible] [illegible] to the remark that it is "a slavish idea," [illegible] its [illegible] feelings to the following [illegible]:

There are a good many people [illegible], [illegible], who value their [illegible] upon matters of fact quite as highly as they do those of the Court upon matters of law.

This we suppose is intended as a rejoinder that the Commercial in dealing with the Court is not [illegible] by any "slavish idea," but as the Court [illegible] upon matters of fact as well as the law in the State and Cromwell case, the great majority of the people are "slavish" enough in their claim to believe that the opinion of the Court is really entitled to just a little more weight than the opinion of those, including our contemporary, who have as good an opinion of their own opinion.

Not Made Clear.

The advocates of the Australian ballot system all insist that the new law was a great success in the late election in Rhode Island, yet so far as we have been able to discover they do not point out in what particular direction this election was any improvement over those that have preceded it. The people [illegible] to voting under the new law and after a time had their [illegible] counted, but unless the fact that they were able to comprehend the system sufficiently to ballot at all is the great success referred to, the satisfaction of the advocates is not entirely clear. We also learn by way of the Bangor Advertiser that [illegible] sentiment in Maine now demands this change. The same [illegible] that advocated the change two years ago are urging it to-day, but public sentiment did not demand it then, and upon just what the Advertiser now bases its conviction that the people of Maine have changed their minds on the subject is not made public.

A Blow at Mormonism.

The New York World declares that "the constitution adopted by Idaho is of such a character as to make the bill providing for admission a most dangerous and unjust [illegible]. It is even worse than the [illegible] crime in Montana, for it [illegible] upon the [illegible] an unjust and corrupt fundamental law." The provision of the constitution to which the World and Democrats generally object is as follows:

No person is permitted to vote, serve as a juror, or hold any civil office who is a bigamist or polygamist, or is living in what is known as patriarchal, plural or celestial marriage, or in violation of any law of this State or of the United States forbidding any such crime, or who, in any manner, teaches, advises, counsels, aids or encourages any person to enter into bigamy, polygamy, or such patriarchal, plural or celestial marriage, or to live in violation of any such law, or to commit any such crime; or who is a member of, or contributes to the support, aid or encouragement of any order, organization, association, corporation or society which teaches, advises, counsels, encourages or aids [illegible] [illegible] [illegible] [illegible]

The Democrats have always [illegible] by the Mormon polygamists and they [illegible] [illegible] at the last [illegible] of [illegible] such a protest. In the debate on the admission bill in the House Delegate Dubois, of Idaho, exposed this phase of the [illegible] [illegible]: "If you are in earnest in your desire to crush this [illegible] institution, which has been a disgrace and stain upon our National honor for half a century, the opportunity is offered. The hand of the church is [illegible] [illegible] in [illegible] [illegible] [illegible] [illegible] [illegible] in our Legislature [illegible] [illegible] of it. On one hand is a [illegible] and political organization, held together by [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible]."

What It Costs!

The following example of a policy in force will show at what an extremely low cost the CONNECTICUT MUTUAL has been able to furnish insurance to its members in the past.

Henry H. Swanton, Bath, Me., insured 1849 for $1,000 by policy No. 7,901, annual Life Plan, age 15. Premium $15.05.

He paid 42 Premiums of $15.05 each, in all, $631.80

Less surplus premiums of dividends, 304.10

Total cash premiums on $1,000 for 42 years, $327.07

Average cost per year of $1,000, 7.79

Mr. Swanton can now surrender his policy for paid up insurance for $734.00, and this paid policy would participate each year in the surplus of the Company.

Domestic Animals and Children Sacrificed.

WINNIPEG, Man., April 5. A letter received from Hudson's Bay, in the Athabaska district, says that great distress existed among the Indians near Lesser Slave Lake during the winter and in some cases the redskins killed and ate their own children and all kinds of domestic animals.

WATERS STILL RISING.

Floods Overflowing Many Plantations.

Considerable Distress in Some Sections.

NEW ORLEANS, April 5. A despatch received from Rolling Fork, Miss., at a late hour last night says the water in Deer Creek has risen four feet in the last thirty-six hours and is now running over its banks on the east side and still rising at the rate of half an inch an hour. Every foot of dry land in Rolling Fork will be under water before morning.

Escape on a Crazy Raft—Situation Serious.

NEW ORLEANS, April 6. The Picayune's Vicksburg special says: Nineteen negroes, survivors of a large party of refugees who attempted to escape from the overflow down Bayou Falya on a raft, arrived here on the steamer Hill City. They report twelve women and children drowned when the current dashed their crazy vessel against a tree, but they escaped with extreme difficulty.

The situation is growing daily more serious in Steel Bayou country. Earl Miller, a prominent planter, brother of Attorney General Miller, arrived from there to-day by the steamer Evergreen with his family and stock. The Miller plantation, though very high, has gone under. The Evergreen reports water along the bayous still rising.

Sad Drowning Accident.

NEW ORLEANS, April 5. The Picayune's Greenville special says: Yesterday while a colored man with three women in a skiff was fleeing from the approaching flood, the skiff commenced leaking and before any assistance could be rendered the whole party went down and the three women were drowned.

Break in a Dam.

The Picayune's Dallas, Texas, special says: Trinity river is overflowing its banks and much damage is resulting by the drowning of stock. The dam broke at the unfinished city water works last night and now the new $30,000 pumping engine is 10 feet under water. The unfinished reservoir will also sustain damages of many thousands of dollars.

FROM WASHINGTON.

News About the Capitol.

McComas' Bill to be Favorably Reported.

WASHINGTON, April 5. By a party vote, seven to five, the House Committee on Election of President and Vice President and Representatives in Congress today authorized a favorable report, with amendments, on the McComas bill to prevent the gerrymandering of Congressional districts. The bill also provides that Representatives to the 52d Congress shall be elected from districts composed of the same territory and having the same boundaries as those from which the Representatives in the 51st Congress were elected. The minority of the committee will submit a report in opposition.

The Canteen System.

In the Senate to-day Mr. Hale gave notice that he would propose an amendment to the section of the army appropriation bill to establish the "canteen" system in the army, providing that no alcoholic liquors, including beer or wine, shall be sold or supplied to any enlisted men in any canteen or in any room or building at any garrison or military post. This amendment was rejected by the House.

System of United States Banking.

By request, Senator Ingalls today introduced a bill providing for a system of banking for the United States, proposed by the Wage Workers Alliance. It provides for the establishment of an Executive Department of Banking, with a secretary at its head whose salary shall be $8,000, and four assistant secretaries with salaries of $3,000 each. At the department, the banking for the people shall be done free of cost, except such merely normal fees as are necessary to pay expenses. Branches shall be established at post offices throughout the country and maintained so long as they are necessary. Loans shall be made on security, the interest payable on December 31, every year. The money necessary to transact the business of the department shall be furnished by the Treasurer of the United States and it shall be full legal tender for all debts and dues to the United States.

NEW YORK, April 5. Scotty Cox, of [illegible], and Jack Sullivan, of this city, lightweights, fought with one ounce gloves for a small purse at a resort on [illegible] early this morning. Senate.

WASHINGTON, April 5. Among the petitions presented was one from the President of the Methodist Episcopal Church Mission, protesting against the passage of the bill providing for the deportation or imprisonment of Chinese found in this country without certificates. Also resolutions of the Board of Commerce of San Francisco against the repeal of the Chinese exclusion act, and for additional legislation to effectually prevent Chinese immigration.

Several following Senate bills were taken from the calendar and passed.

After discussion the bill was passed, extending to the whole of the District of Columbia the laws in force in Washington against selling liquors on Sundays or to minors.

After a short executive session private bills on the calendar were taken up, and 125 bills were passed.

The Senate at 4.30, adjourned until Monday.

House.

In the morning hour, on motion of Mr. Williams of Ohio, from the Committee on Military Affairs, a bill was passed authorizing the town of Marblehead, Mass., to improve and beautify Fort Sewall.

On motion of Mr. Wheeler of Alabama, from the same committee, a bill was passed amending the articles of war, so as to provide that in times of peace general court-martial, for the trial of commissioned officers, shall be appointed by the President, the general commanding the army, or the general officer commanding a military division, and that judge-advocates must not be present at any deliberation of courts-martial, in close sessions.

On motion of Mr. Cutcheon, of Michigan, from the same committee, a bill was passed providing for retaining $4 for each month's pay of enlisted men of the army during the first year of enlistment, the sum so retained to be paid on discharge from the service, and to be forfeited unless there is an honest and faithful service, the question of what constitutes a failure to render honest and faithful service to be determined by the Secretary of War.

On motion of Mr. Boutelle, of Maine, the House went into Committee of the Whole on the Senate joint resolution for the removal of the naval magazine from Ellis Island, New York harbor. The first section authorizes the Secretary of the Navy to take immediate measures for the removal of the naval magazine from Ellis Island. The second section appropriates $75,000 to purchase or to obtain by condemnation a site for and for the erection of a naval magazine, with suitable buildings therefor, and the Secretary of the Navy is authorized to select a site at a safe distance from populous cities, and from the shipping of the harbor of New York. Seventy-five thousand dollars are appropriated to enable the Secretary of the Treasury to improve Ellis Island for immigration purposes.

Mr. Boutelle explained that the resolution had passed the Senate, and had received the unanimous report from the Committee on Naval Affairs and had been indorsed by the joint Committee on Immigration. Prompt action should be taken, in order to remove dangerous explosives from the vicinity of New York.

Mr. Oates moved to strike out the clause providing for the location of the immigration station on Ellis Island. Lost—17 to 30.

Mr. Covert offered an amendment providing that the immigration station shall be located in New York, Brooklyn, Long Island City, or Staten Island. The amendment was defeated, as was also an amendment offered by Mr. McAdoo, of New Jersey, providing that the powder magazine shall be located at least 15 miles from New York city.

The committee then rose and the joint resolution was then passed, with an unimportant amendment, which will necessitate its return to the Senate for further action.

The hour of 3 o'clock having arrived, public business was suspended and the House proceeded to pay tribute to the memory of Newton W. Nutting, of New York. After eulogistic addresses by Messrs. Payne, Blanchard, Baker, Grosvenor, Peters, Sherman and Henderson, of Illinois, the House, as a mark of respect to the memory of the deceased, at 4.15 adjourned.

THE WEATHER.

WASHINGTON, April 6, 3 P. M.

Indications

For the next twenty-four hours in Maine, New Hampshire and Vermont: Light, local showers, preceded by fair weather; warmer; easterly winds.

The reading this evening in City Hall by Miss Laughton of Lewiston, will doubtless attract many to that place. Miss Laughton has an excellent reputation as a reader, and will doubtless give her hearers much pleasure. The reading will be of Miss Elizabeth Stuart Phelp's beautiful story "Jack." The admission will be free and a collection will be taken to defray expenses.

ICE TRANSPORTATION. One of the biggest ice operators on the Kennebec river, who has been in business 20 years, says that there will be no difficulty in getting all the vessels wanted for ice transportation. Of course the demand will be unprecedented, as it will require some 2500 vessels, or some 15 a day, each averaging a cargo of 500 tons, but with the high freights offered, which will be so profitable to owners of vessel property, it can hardly be presumed that there will be a scarcity. Freight rates are now $1.25 and $1.50 for early shipments, or more than double what they were last year at this time. All of the big operators have most of their vessels chartered for the season. There will be a flotilla of tow boats placed on the river to handle the vessels. Just as soon as the river is open to the sea ice shipments will commence.

THE KNIGHTS OF PYTHIAS UNIFORMED RANK. The Knights of Pythias Uniformed Rank, which has frequently been mentioned in THE WHIG, was instituted Saturday evening at K. of P. Hall, and among those present were fifteen members of the Uniformed Rank of Belfast. The officers were installed according to the list of nominations recently published in THE WHIG. After the ceremonies an adjournment was made to the Bangor Exchange, where the guests sat down to an elegant spread which was a great credit to the hotel. The post-prandial exercises were very pleasant and the responses to the toasts apt and entertaining. The occasion was a very enjoyable and successful one. The Uniformed Rank starts in with every prospect of future prosperity. The visitors from Belfast returned home yesterday, going to Bucksport by special train, and from there by the steamer Castine.

Members of the Cecilia Club who have parts of "The Crusaders" in their possession are requested to return them to the club at once as they are hired parts. There will be a business meeting of the club on Thursday evening at the Common Council room, City Hall, and a full attendance of the members is requested, as matters of importance will be considered.

The special services at the First Baptist chapel last week were so successful, and pervaded by so deep a religious interest, that it has been decided to continue them the present week. To-night Mr. Edwin C. Brown, of the Seminary will speak. Friday evening Rev. Geo. W. Hinckley is expected to be present. Young people especially and all others will be heartily welcomed.

system is being appreciated. The first week has given indications of good progress in the studies of the term.

The alarm of fire from box 72 Saturday afternoon was caused by a slight fire around the chimney at the house of Mr. W. O. Alexander on Pearl street. The fire department was quickly on hand, but its services were not needed.

The funeral services of the late Mrs. F. W. Carr occurred Saturday afternoon at the family residence on State street and there was a large attendance of the sympathizing friends and acquaintances of the deceased gathered to pay their last respects to one held in loving regard. The floral offerings were very beautiful. Rev. John McGaw Foster, rector of St. John's Episcopal church, officiated and the church choir sang "Nearer my God to Thee," the "Burial Service Chant" and "O Paradise." The bearers were Messrs. Daniel Webster, Jr., Frank Webster, Fred Webster and Andrew Webster, the oldest nephews of the deceased, and E. F. Dillingham, Esq., had charge of the funeral.

BEAUTIFUL MEMORIAL WINDOWS. During the past week three new memorial windows were placed in position in St. John's Episcopal church, greatly adding to the appearance of the beautiful interior besides being most appropriate memorials. Mrs. A. C. Hamlin has placed one there in memory of her father, the late Hon. Jonas Cutting, Mr. G. F. Bryant another in memory of his mother, Martha Ann Bryant, and Mr. Joseph Bradley, of Milwaukee, in memory of his mother, Chloe Howard Bradbury. All of the windows are very beautiful and the designs are exceedingly appropriate. Only one window now remains to be filled, and it is probable that it will be provided for before long.

REFORM CLUB MEETING. One of the most successful meetings of the Reform Club ever held occured in City Hall Sunday afternoon, Rev. Newman Matthews conducted the devotional exercises, and the music by Miss Bartlett, Mrs. Wasgatt, Messrs. James M. Haynes and W. A. Palmer, was excellent and appropriate to the day. Miss Remsey's reading was touching and pleased the audience. The address by Rev. Mr. Matthews was a strong argument not only to induce men to sign the pledge, but showed plainly why so many fail to keep it. Short speeches were made by Messrs. Chalmers, Stevens and Stiles of the club. Mr. Seldon N. Dean presented the pledge in such an effective manner that several signed, which is gratifying to the club.

The Steam Railroad Men's Protective Union was to have held a meeting yesterday afternoon in Portland, which was to be addressed by Hugh O'Connor, the deputy grand organizer. It is desired to create an interest in this State in legislation for the better protection of the lives and limbs of railroad employes, and it is expected the Maine Legislature at its next session will enact measures similar to those now pending in Massachusetts. Especially is it deemed necessary to have something done in reference to overhead bridges. There are 1 between Portland and Portsmouth, which are a constant menace to the lives of brakemen on freight cars of only ordinary height. The much talked of risk in coupling cars, the brakemen say, is nothing in comparison to this.

GERMAN OPERA. Quite a number of our musical people are making plans to attend the season of German opera at Boston, beginning this evening and continuing through the week. Between fifty and sixty intend to go from Portland. The season of opera performances in German at the Boston Theatre has attracted general interest throughout New England, and every evidence has been given that it will be a great financial success. The announcements are as follows: Monday, April 7, "Tannhauser;" Tuesday, April 8, "William Tell;" Wednesday, April 9, "Die Meistersinger;" Thursday, April 10, "Lohengrin;" Friday, April 11, "Norma;" Saturday matinee, April 12, "Tannhauser;" Monday, April 14, "Les Huguenots;" Tuesday, April 15, Flying Dutchman;" Wednesday, April 16, "Fidelio;" Thursday, April 17, "Der Troubadour" ("Il Trovatore;") Friday, April 18, "Don Juan;" Saturday matinee, April 19, "Der Troubadour."

THE SCHOLARSHIPS CONTEST. The competitive examinations for the very liberal and generous offer of scholarships of $600 and $400 by the Boston *Herald* occurred at the High School building, in this city, last Saturday, in common with the examinations in Portland, Augusta, Waterville, Lewiston, Me., Boston, Worcester, Springfield, Fall River, Mass., Concord, Nashua, and Hanover, N. H. The following students entered the contest in this city: Misses Sadie Field, Henrietta Rowe, Bertha Dunning, Grace Farnham, Grace Ilsley and Lizzie Nickerson, John C. Kane, Alfred Bliss, William McSkimmon, of this city, and Daniel W. Kimball and George E. Leighton, of the Dexter High School. Three others started with the number but dropped out before finishing. Mr. O. A. Byrum, principal of the High School, was present during the hours of writing. The compositions will be examined by a committee of three and the themes of the successful competitors for the two prizes will be published in the *Herald*. The Bangor scholars have doubtless done themselves credit.

THE BIGGEST IN THE WORLD. A. Sewall & Co. of Bath, have just begun the work of getting out the keel for the largest wooden sailing ship in the world, a craft larger than the great Rappahannock, which recently found the channel too shallow to permit her to leave Philadelphia with a full cargo. This craft will be called the Shenandoah. She will have a keel 290 feet in length, and three decks and four masts. Her main and mizzen lower yards will measure 92 feet in length, the same as the main yard of the Rappahannock, thus giving this craft a gain in sail area of all the canvas on one mast over that of her big consort. Like her predecessor, the Shenandoah will have a metal bowsprit, with no jibboom. One innovation is the lighthouse, which is to be set up on the forecastle deck. This will be a metal structure, shaped something like an enlarged capstan, and securely fastened to the deck. In it the side lights will be placed, instead of being fastened to the rigging, as is the common practice. By this arrangement the lanterns are protected, and there is no chance of their being lost. Then they can be easily reached at any moment. Then another addition will be the midship house, [illegible] just abaft the main mast. This will be fitted up exclusively for the petty officers, giving them independent quarters instead of securing them in the main cabin. Steam will operate the capstans, windlass, pumps and drums, thus making the work of handling the [illegible] comparatively easy. The

How the Day Was Observed

At the Churches in this City.

Easter Sunday was warm and pleasant and a very fitting day for the celebration of the glad Easter season. For some time arrangements have been in progress at the different churches for the celebration of the occasion which is always made impressive by special services and music, and the result was highly satisfactory in every particular. Everything favored the observance of the day, and each society had a most appropriate and interesting order of exercises. Each church held a large congregation at either the morning afternoon or evening services or at all, and the beautiful decorations and well arranged order of exercises made the observance of the day a memorable one.

CENTRAL CHURCH.

The services at the Central church were impressive and appropriate to the day. In the morning an able sermon was delivered and the musical programme was as follows: Organ voluntary, Mrs. Jewell; solo, "Sweet Easter Morning," Mr. A. C. Merton; solo, "Easter Song," Mrs. Belden; postlude, Mrs. Jewell. The church was beautifully decorated, the very tasteful arrangement being under the direction of Mrs. E. C. Smart, assisted by Miss Parker and Miss Lottie Smart. Around the altar were arrangements of smilax, Easter flowers and Jacqueminot roses which gave a charming appearance. An ivy cross and a wreath of roses and banks of flowering plants added their beauty to the general effect.

An Easter concert was given in the evening and the church was completely filled by a very large audience, which listened to the order of exercises as announced by Superintendent Charles S. Pearl, with great interest. The following was the programme: Voluntary, "March Triumphal"; Scripture reading, response by superintendent and school; Easter greeting, Nellie Stuart; singing, "Chimes Again," school; prayer, Mr. Edgar Brown; selection, Andrews' Orchestra, Easter anthem, "He is Risen"; secretary's report; solo, "Jesus Once More a Little Child," Esther Durgin; reading, "Under the Snow," Alice M. Robinson; duet, Easter carol, Gracie and Gertrude Eaton; Easter exercise, "The Lord is Risen," Ada May Ware, Alice Hudson, Edith Swan; chorus, choir of sixteen misses; dialogue, "Roman Soldier," Eddie Larsen, Mamie Williams; recitation, "God is Love," Charlie Larsen; selection, Andrews' Orchestra, "Longing"; recitation, "A Bluebird Told the Story," Ethel Parlin; chorus, choir of sixteen misses; recitation, "Only a Sparrow," Mamie Williams; address, Mr. Crediford, of the Seminary; selection, Andrews' Orchestra, "Gloria"; hymn, "Nearer My God to Thee," school and congregation; benediction; postlude.

The different selections were most interestingly given and Andrews' Orchestra played finely as usual. The concert was arranged by the Concert Committee, Mrs. H. A. Williams, chairman. The choir of sixteen misses, who sang so effectively, was drilled by Mrs. Hunt.

HAMMOND STREET CHURCH.

Easter was observed at the Hammond Street church as follows: In the morning, organ voluntary, Mrs. Tuck; solo and chorus, "The Lord is Risen," Mrs. Gardner and choir; "Christian, the morn breaks sweetly o'er thee." OPEN TO NAVIGATION.

The Ice Leaves the Penobscot River.

The Penobscot river is once more open to navigation, the ice having taken its departure early yesterday morning. For some time past the ice has appeared to be in a weak condition, the sun and warm weather having made deep inroads, and for several days it has been thought that it would go out with the tide. That it did not depart earlier is doubtless due to the fact that there has been no freshet in the river, and that the weather has been generally cold, tending to keep the ice in. The ice cutting operations left some big holes in the ice, weakening it very much, but these open places froze over again, so that considerable support was given the old ice. With warmer weather and such as generally comes at this time of year, the ice would undoubtedly have departed quite early. The first craft to enter the river was the Bismarck, which steamed into port yesterday morning at half past 9 and remained part of the day.

The river has been closed 112 days, from Dec. 14th to April 6th. In 1889 the river opened on March 31, and in 1888 on April 15. The following is the table of the opening and closing of the river since 1818:

AMUSEMENTS.

The Stowaway.

"The Stowaway" returns to the Opera House next Saturday night. This season the management, Messrs. Litt and Davis, announce that their company is even better than last year. Notable acquisitions to the cast are Frank Losee, Harry Booker, Grace Thorne and Sara Holmes. Of the old members, Marion Elmore and Joseph Slaytor are retained.

The scenery in "The Stowaway" is entirely new. Three months ago, while en route from Salt Lake City to Denver, the special baggage car containing the scenic and mechanical effects was, with its contents, entirely consumed by fire. The scenery constructed to take its place is said to be much superior to the old. One scene in particular, a yacht at sea, is reported as being the triumph of stage mechanism. It is the exact duplicate of a genuine vessel, forty-two feet in length from stem to stern, with complete rigging and sails, and masts thirty-two feet in height. From all accounts it is a beauty.

Notes.

The sale of seats for the Jefferson-Florence engagement will open next Friday morning. This should be made a note of.

A Murderous Assault.

A young man named Frank Reechan was brutally assaulted last Saturday evening by three fellows on Hancock street. He was struck by a board with great force, breaking his nose and smashing in the bone under the eye.

The police were called and a physician sent for who attended his injuries. The assailants escaped. The victim professes to know nothing about his assailants. He was doing as well as could be expected last night, but will probably be disfigured for life.

Death of a Former Orono Man.

Mr. Nicholas G. Emery, of West Bay City, Michigan, whose death occurred last Saturday in that city, at the age of about sixty years, was a native of Orono. He left that town about thirty years ago for the West, where he has been in business since and has been a prominent citizen and highly respected in the community. He was twice married, both wives being Orono ladies. A widow and two sons are left to mourn his loss, as well as a large circle of friends. The remains will be brought to Orono for interment, which will occur on Thursday next.

The G. A. R. Encampment.

Great preparations are being made in Boston for the National Encampment in August next, and Post 12, of this city, will go in a body. H. E. Sellers, H. R. Cowan and F. A. Garnsey have been appointed a committee to procure quarters for all who may wish for a place during the encampment.

The comrades can lighten the labors of the committee if they will each notify them, or either of them, whether they will go to Boston at that time and whether they would like to be provided with quarters. It is not expected that separate rooms can be obtained for each comrade, indeed the committee will be fortunate if they can secure one or two rooms, with mattresses and blankets, so that all may be provided with a suitable place [illegible]
